

Holiday Fabric

SHOPPING LIST · FAT QUARTERS · FOR THE SWATCH BOOK, NOT FOR STOCK

FAT QUARTERS ONLY. DO NOT BUY YARDAGE. Stockings and the rest of the festive work are **custom** — the customer picks the fabric and **then** you buy the yardage for their piece. What you need in hand is something to **show**. ⌚ **Sewing stops around Nov 7 and the move is Nov 25**, so a yard bought today and not sewn is a box you drive to Virginia.

Already in the cupboard — don't buy these again: red metallic snowflake (the stocking) · Bowknots in Scarlet · Bowknots in Cream · Traditional Christmas · Solstice Tartan · cream plush · Toffee Plaid · Toffee Windowpane. ⚠️ **Most of these are NOT in the fabric library yet** — photograph them and they count as range without costing anything.

Prints EIGHT FAT QUARTERS

WHAT TO LOOK FOR	WHY IT EARNS A PLACE	PAID
☐ Evergreen / pine tonal	You have no green at all . Half of Christmas is green.	_____
☐ Green buffalo check or plaid	The “for him” fabric, and exactly what the gift card holders need. Different enough from Toffee Plaid.	_____
☐ Christmas trees	Most asked-for motif after snowflakes, and it reads at thumbnail size in the swatch book.	_____
☐ Gingerbread or cocoa	The whimsical, kid-facing end — and it rhymes with The Cup and Cozy.	_____
☐ Candy cane stripe or nutcracker	Unmistakably Christmas, and a stripe is a counterweight to a library full of florals.	_____
☐ Cream and gold winter	The elegant non-red option. Plenty of people want a neutral stocking and you cannot offer one.	_____
☐ Midnight navy, gold stars	Winter rather than Christmas — sells past December, and the most on-brand print on this list.	_____
☐ Holly or poinsettia botanical	Bridges into Florals & Botanicals, which is the deepest collection you have.	_____

Cuffs A QUARTER YARD EACH — NOT FAT QUARTERS

☐ Dark green plush	A cuff needs a strip across the full width, so a fat quarter will not do.	_____
☐ Oatmeal sherpa or faux fur	⚠️ The cream plush shows every fingerprint. Anything living in a basket wants a darker cuff.	_____

Supplies

☐ Fusible interfacing, 1 yd	Medium weight, Pellon SF101 or similar. This is the fix for the stocking being soft — it also goes into book sleeves and gift card holders.	_____
--	--	-------

Budget about \$40 eight fat quarters, two quarter-yards, a yard of interfacing Spent _____
